

Expression of Interest

Package 3: Pipeline Trenching and Pad Preparation

Kalium Lakes Limited are requesting expression of interest to be involved as part of the construction of a 79.3 km DN100 x 4.8 mm steel gas pipeline located approximately 160 km south east of Newman, Western Australia. Details of the project can be found in <http://www.kaliumlakes.com.au/beyondie-potash-project>

The scope of the package for **pipeline trenching and pad preparation** is to include:

- Pipeline and construction right of way survey;
- Clear and grading the pipeline corridor, 20 metres wide by 79.3 km long;
- Trenching (including rock excavation) 600 mm wide x 1015 mm deep x 79.3 km long. Trench to be backfilled after excavation;
- Pad construction for pipeline inlet and delivery stations, two pads 30 metres x 20 metres x 2 metres high, including placement and compaction for materials.

Works will need be completed to Company specification and safety requirements and conditions set out by the pipeline license.

The Company plans to issue a formal request for pricing during the week commencing 17 December, with closure of submissions scheduled for early 2019. To be considered for invitation to provide a proposal on this package, please advise your expression of interest by providing the following information:

1. Company name, company ABN, contact person's name, email and phone number;
2. Proposed methodology of completing the works;
3. Capability statement, including equipment to be used (currently in possession or needs to be procured/hired), direct labour, subcontractors;
4. Previous similar experience;
5. Current accreditations including the Work, Health and Safety (WHS) accreditation;
6. Company's current indigenous relationships and proposed involvement in the contract execution;
7. Company's financial statement.
